

The AIT Austrian Institute of Technology - Center for Energy
is delighted to invite you to the

OPENING OF THE DC LAB

1 JUNE 2022, 17:00

AIT Center for Energy,
Giefinggasse 2, 1210 Vienna

„WELCOME TO AUSTRIA’S LARGEST DC-LABORATORY “

We cordially invite you to attend the opening of the new DC laboratory at the AIT Center for Energy.

The new facility will serve as a development and validation platform for DC components and systems. It is designed for DC systems up to 75 MW with currents up to 80 kA, making it the largest facility of its kind in Austria. Now operational, the new DC Lab allows the AIT Center for Energy to offer industries in Europe and worldwide a strong design and testing infrastructure for the development and qualification of new DC technologies.

We are looking forward to introducing you to the powerful validation platform for DC currents on Wednesday, 1 June 2022.

We are looking forward to welcoming you!

WOLFGANG HRIBERNIK
Head of Center for Energy

FRIEDRICH KUPZOG
Head of Competence Unit
Electric Energy Systems

PROGRAM

From 16:30 Registration

- 17:00 **Welcome and Opening in the AIT DC Lab**
Wolfgang Hribernik, Head of Center for Energy
- 17:10 **Welcome and presentation of the AIT DC Lab**
Friederich Kupzog, Head of Competence
Unit Electric Energy Systems
- 17:25 **Guided lab-tour through the energy-
related AIT laboratories**
Station 1: Tour in the DC Lab
Station 2: High Voltage Lab
Station 3: SmartEST Lab
Station 4: High Current DC Show Case
- 18:35 **Food and Drinks**

Registration: Please register - email to mc.energy@ait.ac.at

Directions – public transport

Bus 31A Siemensstraße via U1 Kagraner Platz or Schnellbahn
Station Siemensstraße (S1, S2, S7).

Note on COVID-19: For safe handling in times of the COVID19 pandemic, we kindly ask you to make a PCR test before the event. Please stay at home if you feel ill.
