

Europass Curriculum Vitae

Personal information

First name(s) / Surname(s) **Dr. Susanne Meyer**
Category III

Address AIT Austrian Institute of Technology GmbH, Center for Innovation Systems & Policy
Giefinggasse 4, 1210 Vienna, Austria

Telephone(s) +43 50550-4576 Mobile +43 664 88390649

Fax(es) +43 50550-4599

E-mail(s) susanne.meyer@ait.ac.at

Nationality German

Date of birth 27 January 1981

Gender Female

Work experience

Dates 07/2013 →

Occupation or position held Scientist

Main activities and responsibilities Research on research and innovation policies and programmes, urban research, project management

Name and address of employer AIT Austrian Institute of Technology, Innovation Systems Development, Donau-City-Strasse 1, 1220 Vienna, Austria

Type of business or sector Public research organisation

Dates 09/2013 → 08/2015 (Secondment)

Occupation or position held Policy Coordinator for Smart Cities

Main activities and responsibilities Strategic Policy Coordinator and Advisor

Name and address of employer Austrian Federal Ministry of Transport, Innovation and Technology, Radetzkyst. 2, 1030 Vienna, Austria

Type of business or sector Governmental organisation

Dates 01/2010 – 06/2013

Occupation or position held Research Fellow

Main activities and responsibilities Innovation research and project management

Name and address of employer Joanneum Research, POLICIES - Centre for Economic and Innovation Research, Sensengasse 1, 1090 Vienna, Austria

Type of business or sector Public research organisation

Dates 10/2006 – 09/2009

Occupation or position held Research Fellow and Lecturer

Main activities and responsibilities Research and Teaching

Name and address of employer University of Hannover (Germany), Institute of Economic and Cultural Geography
Schneiderberg 50, 30167 Hannover (Germany)

Type of business or sector University

Education and training

| | |
|--|--|
| Dates | 2006 - 2009 |
| Title of qualification awarded | Dr. rer. nat. |
| Principal subjects / occupational skills covered | PhD (Dr. rer. nat.) in Economic Geography, doctoral dissertation entitled „Informal Modes of Governance in Customer Producer Relations: The Electronics Industry in the Greater Pearl River Delta (China)“ |
| Name and type of organisation providing education and training | Leibniz University of Hannover (Germany), Institute of Economic and Cultural Geography |
| Level in national or international classification | ISCED 6 |
| Dates | 2001 - 2006 |
| Title of qualification awarded | Dipl. Geographin (equivalent to M.Sc. in Geography) |
| Principal subjects / occupational skills covered | Diploma in Geography (specialisation in economic geography) with minor subjects Statistics, Mathematics and Public Law Dissertation entitled „Development of an Indicator-based Monitoring System to measure Regional Competitiveness for the District Nordfriesland (Germany)“ |
| Name and type of organisation providing education and training | University of Kiel (Germany), University of Wales/Swansea (UK) |
| Level in national or international classification | ISCED 5A |

Personal skills and competences

(*) [Common European Framework of Reference \(CEF\) level](#)

Social skills and competences

- **Capacity building in networks:** several years of experience working in project teams and lead projects, experience in working as a national delegate for Austria in European Commission (e.g. European Innovation Partnership Smart Cities and Communities), experience in mobilising and building transnational initiatives (e.g. ERA-NET Smart Cities and Communities)
- **Ability to communicate in research and practice:** Understand, explain and prepare information for different audience – policy makers, researchers, industry; experience in debating and discussing information
- **Intercultural skills:** Active contribution to the development and design of networks within Europe (JPI Urban Europe, ERA-NET Cofund Smart Cities and Communities), joint research project in cooperation with the Hong Kong University (Hong Kong) and the Sun Yat-sen University (China), Visiting researcher at the Texas State University San Marcos (USA)
- **Interdisciplinary and transdisciplinary experience:** working in interdisciplinary research programmes (e.g. Priority Programme (SPP 1233) „Informal Dynamics of Agile Firm Organisation in the Greater Pearl River Delta (China)“ or transdisciplinary environments (e.g. Smart City initiatives including researchers, policy makers, cities, etc.)

Organisational skills and competences

- **Project Coordination, Management and Team Leadership:** Coordination of several small and medium-sized projects in national, European and international context with responsibility of content, budget and timing
- **Project Acquisition:** Good experience in acquisition of various research, innovation and consultancy projects performed for the European Commission, OECD, national and regional authorities
- **Organisation of International Meetings:** Preparation, organisation and coordination of meetings of national delegates or delegates of high-ranked networks (e.g. JPI Chair Meeting, Meeting of the High-Level Group of the EIP Smart Cities and Communities, JPI Urban Europe Governing Board)
- **Organisation of Workshops** in different formats
- **Training of University Students**

Technical skills and competences

- **Evaluation and impact assessment of research and innovation policies, programme and instruments:** Evaluation and impact assessment of RTDI policies, programmes and instruments; develop public intervention logic; techniques to analyse cost-effectiveness of policies, setting up evaluation and monitoring systems
- **Urban research:** identifying key priority areas for smart city development, contribution to smart cities research and implementation agendas on national and European level, city planning, regional knowledge based development, user-acceptance
- **Qualitative and quantitative research methods** including design of studies; sampling strategies; development and implementation of surveys, interviews, case studies and focus groups, cleaning and archiving of data; data mining techniques, techniques for qualitative and quantitative (statistical analysis of data including significance testing and multivariate analysis) data analysis and interpretation

Computer skills and competences

SPSS, STATA, Latex; Maxqda

Additional information

List of Projects

EXPAND II of the JPI Urban Europe funded by the European Commission under H2020 (CSA) (2019-2021)

Policy Coordination of the SET-Plan Action 3.2 Smart Cities and Communities funded by the ERA-NET Cofund Smart Cities and Communities (2019)

Entwicklung eines Stakeholder Umsetzungsplans für die österreichische Klima- und Energiestrategie funded by the Austrian Federal Ministry of Transport, Innovation and Technology (2018-2019)

ERA-LEARN Plus funded by the European Commission under H2020 (CSA) (2018-2021)

TRANS-URBAN-EU-CHINA funded by the European Commission under H2020 (RIA) (2018-2021)

Support for the development of the SET-Plan Action 3.2 Implementation Plan „Towards Positive Energy Districts“ der SET-Plan Initiative Smart Cities and Communities“ funded by the Austrian Federal Ministry of Transport, Innovation and Technology (2018)

Member of the Task Force on Monitoring & Evaluation of the JPIs on behalf of JPI Urban Europe (2017-2018)

Coordination and Co-creation of the Project Monitoring Framework for the JPI Urban Europe funded by the JPI Urban Europe and the ERA-NET Cofund Smart Cities and Communities (2017-2019)

Steering Board Member and Alternate of the General Assembly of the Urban Europe Research Alliance of the JPI Urban Europe (2016-ongoing)

Member of the Extended Management Board of the JPI Urban Europe (2016-2018)

RUGGEDISED funded by the European Commission under H2020 (RIA) (2016-2021)

EXPAND of the JPI Urban Europe funded by the European Commission under H2020 (CSA) (2016-2019)

ERA-LEARN 2020 funded by the European Commission under H2020 (CSA) (2015-2018)

Feasibility Study for the development of a competence centre for smart cities in Austria funded by the Austrian Federal Ministry of Transport, Innovation and Technology (2016-2017)

Policy Coordination of the Joint Programming Initiative Urban Europe (2013-2015) at Austrian Federal Ministry of Transport, Innovation and Technology

Co-Coordination of the ERA-NET Cofund Smart Cities and Communities (2013-2015) at Austrian Federal Ministry of Transport, Innovation and Technology

Sherpa of the European Innovation Partnership (EIP) Smart Cities and Communities (2013-2015) at Austrian Federal Ministry of Transport, Innovation and Technology

Policy Coordination of the D-A-CH Cooperation on Smart Cities (2013-2015) at Austrian Federal Ministry of Transport, Innovation and Technology

Co-Coordination of the Smart Cities Member States Initiative (2013-2015) at Austrian Federal Ministry of Transport, Innovation and Technology

Management Team Member of the MoU Smart Cities between City of Vienna and Austrian Federal Ministry of Transport, Innovation and Technology (2013-2015)

Evaluation of the Doctoral Programme of/for the FWF Austrian Science Fund (2013-2014)

Assessment of the Impact of International Science and Technology Cooperation Modalities of FP7 and Effectiveness in Focusing Cooperation both Geographically and Thematically for the European Commission, DG Research & Innovation (2012-2013)

JPIs To Co Work Project funded by the European Commission under the 7th Framework Programme (CSA) (2012-2014)

The Evaluation of Strategic Centres for Science, Technology and Innovation for the Finnish Funding Agency for Technology and Innovation – TEKES (2012-2013)

Organisation of an Austrian Stakeholder Process within the Joint Programming Initiative Urban Europe for the Austrian Ministry for Transport, Innovation and Technology (2011-ongoing)

Study on „Career Vienna“ – International and national careers of Researchers in Vienna and its impact on scientific performance indicators for the delegate for Universities and Research of the City of Vienna (2011-2012)

Evaluation of Transfer Projects in Collaborative Research Centres for the German Research Foundation (2011-2012)

International Audit of Research, Development and Innovations in the Czech Republic and Implementation of its Conclusions into Strategic Documents Study by Technopolis and Joanneum Research for the Czech Ministry of Education, Youth and Sports (2010-2011)

Project for the Committee for Science and Technology Policy (CSTP) of the OECD "Multilateral Governance of STI for Global Challenges" commissioned by Austrian Ministry of Science and Research (2010-2011)

Support actions in the development of the Joint Programming Initiative Urban Europe for the Austrian Ministry for Transport, Innovation and Technology (2010-2011)

Internationalisation of Research and Development: Cooperation of Austrian Firms outside Europe. commissioned by the Austrian Federal Ministry of Economy, Family and Youth (2010)

Regional agility and upgrading in Hong Kong and the PRD, Priority Program 1233 "Informal Dynamics of Agile Firm Organisation in the Greater Pearl River Delta (China)" of the German Research Foundation (DFG) (2. Phase, 2009-2010)

Informal Dynamics of Agile Firm Organisation in the Greater Pearl River Delta, Priority Program 1233 "Informal Dynamics of Agile Firm Organisation in the Greater Pearl River Delta (China)" of the German Research Foundation (DFG) (1. Phase, 2006-2008)
